Eazy to follow 5 Step System
Phone or Text or in person
STEP 1: THE CURIOSITY HOOK

Hey [Name], quick question
If I could show you how to save money on everyday expenses AND Accumulated Gold without any risk, **would you** take a quick look at the info?
(Adjust for, travel discounts, funeral cover, tutoring, ext.)

If yes: Proceed to next step

If no: SAY: Totally okay. I'm here if anything changes. I'll just help someone else in the meantime 🙌

STEP 2: SHARE POWERFUL INFO

(After 'Yes) Awesome! I'll send you 3 short intro videos now; it's just a few minutes long and will give you a powerful overview. Let me know once you've watched it- I'll send a quick follow-up

STEP 3: GET THEIR REACTION

After confirming: Great! Quick question: What did you like most about what you saw?

✔ Wait for them to reply. Whatever they say, agree: "Yes! That's one of my favorites too."

If positive: Proceed to next step

If negative: Totally okay. I'm here if anything changes. I'll just help someone else in the meantime 🙌

STEP 4: CALL TO ACTION

Sounds like you are ready, we offer 3 options
1 The member says:
'I'm happy with Savings and Gold Accumulation'
2 The covered member says:
'I want this to work for me.'
3 The Trailblazer says:
'I'm going to build something with this.'

STEP 5: HELP THEM GET STARTED FAST
(after joining): Welcome onboard!

Option 1: Member

- Use the benefits
- Accumulate gold automatically
- Enjoy stability and value

Option 2: Covered member (Roadmap/Blueprint)

- Introduce others responsibly
- Use a **structured reward system**
- Focus first on **removing cost pressure**

Option 3 : Trailblazer

- Fill in their Roadmap and follow the system**
- Introduce the Back Office and connect them to the community**

Remember, When someone builds just four active direct members, the reward already covers your membership — while the gold accumulation continues in the background.
